Item No. 8 - State: Illinois Route: US 55 BUS Action:	Decision	AffirmativeWithCondition	AffirmativeWithCondition	Affirmative	Affirmative

Relocation of a U.S. Route Between Intersection of 5th St. & Spruce St. / 6th St. & Myrtle St. (Springfield) and Intersection of 9th St. & Cook St. / 9th St. & Lawrence Ave. (Springfield) Description: The proposed relocation is necessitated by the City of Springfield's Rail Improvement Project which includes the construction of a railroad underpass near the current Business Route 55 designation (9th St. and Laurel St.). This proposed underpass will require ending the 9th St. pavement that currently carries the Business Route 55 designation. This proposed relocation also places more of the business route within the downtown Springfield business district. Please note the relocated route marking will be placed on streets under the jurisdiction of the City of Springfield.	Comments	Page 2: Provide calendar date for Date facility open to traffic. Page 7: Route description should be in a single space paragraph format. Page 7: First sentence has the word couple and it should be couplet. Point to point was not included with the application.	Application to eliminate existing route?		
Item No. 9 - State: Indiana Route: I-265 Action: Extension of an Interstate Route Between I-65 and I-71 Description: To connect routing of two lengths of freeway in Indiana and Kentucky that are currently routed as I-265. The segment in question is currently routed as Indiana State Road 265 in Indiana and Kentucky State Road 841 in Kentucky. The roadway serves as a beltway around the north, east, and south sides of Louisville.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Point to point was not included			see #12
Item No. 10 - State: Iowa Route: US 30 Action: Relocation of a U.S. Route Between Jct of U.S. 30 and Wilcox Rd. and Jct of U.S. 30 and Charles Ave. Description: This request pertains to the relocation of U.S. 30, in Linn and Cedar Counties. The relocation of this route and the construction of a new 4 lane facility that bypasses the towns of Mt. Vernon and Lisbon in Linn County. This bypass will help expedite the flow of freight traffic along the corridor. Portions of the existing U.S. 30 route will be transferred over to local entities once the bypass is open to traffic. The proposed reroute will	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Page 7: Entire page is missing from the application. Provide a separate application for the elimination of the existing route.			
Item No. 11 - State: IowaRoute: US 52Action: Relocation of a U.S. Route Between South Junction of U.S. 52 and U.S. 61/U.S. 151 near Dubuque and Junction of U.S. 52 and IA 3 in Luxemburg.Description: This request pertains to the relocation of U.S. 52, in Dubuque County. The relocation of this route will improve safety and continuity, and will no longer require U.S. 52 traffic to be routed through downtown Dubuque.	Decision	Affirmative	AffirmativeWithCondition	Affirmative	Affirmative
	Comments	Page 7: Route description should be in a single space paragraph format. A second application should be submitted to remove the existing U.S. 52.	Dual Sign US 52/20		
Item No. 12 - State: KentuckyRoute: I-265Action: Extension of an Interstate Route Between I-65 and I-71Description: To connect routing of two freeways in Kentucky and Indiana that are currently routed as I-265. The extension in question is currently routed as Indiana State Road 265 and Kentucky State Highway 841 (Gene Snyder Freeway). The roadway serves as a Bypass around the north, east, and south sides of Louisville, Kentucky.	Decision	Affirmative	Affirmative	Affirmative	Affirmative

Item No. 13 - State: LouisianaRoute: I-49Action: Extension of an Interstate Route Between 1-20 Interchange and LA 1 InterchangeAction: Relocation of an Interstate Route Between 1-20 Interchange and LA 1 InterchangeDescription: To officially request the 1-49 designation for the newly constructed extension and to route 1-49 onto 1-20 and 1-220 to provide continuity routing of the 1-49 corridor.	Decision	AffirmativeWithCondition	AffirmativeWithCondition	Affirmative	AffirmativeWithCondition
	Comments	Page 2: Provide calendar date for Date facility open to traffic. Page 7: Direction of travel was not provided in the route description. Page 7: Contact information was not provided. There should be another application to extend or relocate I-49.	Dual sign I-49/I-220 from Control Point 3 to Control Point 2. Dual sign I-49/I-20 from Control Point 2 to Control Point 1.		not clear where I-49 was routed before, or if it was discontinuous, but this connectivity makes sense
Item No. 14 - State: LouisianaRoute: U.S 61 BUSAction: Relocation of a U.S. Route Between 1-110 at Florida St. and 1-110 at Chippewa St.Description: Request to reroute a part of U.S. 61 Business onto 1-110 for approximately 2.5 miles. A portion of U.S. 61 BUS has recently been transferred to the City of Baton Rouge with other bypassed segment(s) to soon be transferred as part of the State's Right Sizing Program.	Decision	AffirmativeWithCondition	AffirmativeWithCondition	Affirmative	Affirmative
	Comments	Page 2: Provide calendar date for Date facility open to traffic. Another application should be submitted to eliminate the portion of U.S. 61 Business that was transferred to the city.	Would we really have a business route on Interstate? Or would we just delete the business route at the control points coincident to the Interstate?		
Item No. 15 - State: Massachusetts Route: USBR 7 Action: Relocation/Realignment of an existing U.S. Bicycle Route Description: Route Connects Hoosac Street and GA 119 and Lime Street. With the recent extension of Ashwillticook Trail in Adams, there is an opportunity to shift an additional 1.2 mile section of US Bile Route 7 onto the trail.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Point to point is not included with the application. Current alignment should be provided on map.			
Item No. 16 - State: Michigan Route: US 131 BUS Action: Elimination of a U.S. Route Between US 131 (south junction) and Dunkley Street Description: Business US 131 in Kalamazoo, MI, is being shortened (not entirely eliminated, but shortening of a route is not an available choice on the application). The current business route between US 131 (south junction) and Dunkley Street is being eliminated (the signs are being removed) because a portion of the business route was turned back to local jurisdiction in January 2019. This business route will remain signed between Dunkley Street and US-131 (north junction).	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Page 2: Provide calendar date for Date facility open to traffic. Page 4: Traffic ADT is not provided. Page 7: Route description should be in a single space paragraph format. Shortening of route will leave U.S. 131 as a spur route.			
Item No. 17 - State: MichiganRoute: I-94 KalamazooAction:	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative

Elimination of an Interstate Route Between I-94 (west junction) and Kings Highway (M-96)Description: I-94 Business Loop in Kalamazoo, MI, is being shortened (not entirely eliminated, but shortening of a route is not an available choice on the application), and the route will now be I-94 Business Spur. The current business route between I-94 (west junction) and Kings Highway (M-96) is being eliminated (the signs are being removed) because a portion of the business route was turned back to local jurisdiction in January 2019. The business route will be resigned as I-94 Business Spur (vs. Loop) between Kings Highway (M-96) and I-94 (east junction).	Comments	Page 2: Provide calendar date for Date facility open to traffic. Page 4: Traffic ADT is not provided. Page 7: Route description should be in a single space paragraph format. Shortening of route will leave I-94 as a spur route. Point to point is not provided with the application.			
Item No. 18 - State: Missouri Route: US 65 BUS Carroll County Action: Elimination of a U.S. Route US 24/US 65 Interchange and US 65/MO-10 Interchange Description: The proposed section of U.S. BUS 65 is to be conveyed to the city of Carrollton. The intent of this change is to relinquish and eliminate U.S. BUS 65 numbering and remove U.S. BUS 65 from state system in Carroll County.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Page 2: Provide a calendar date or future date for facility available for traffic. Page 8: Type of facility and total miles is not included in the paragraph description. Point to point is not included with the application.			
Item No. 19 - State: Missouri Route: US 65 BUS Grundy Action: Elimination of a U.S. Route Between US 65 north intersection in Trenton and US 65 south interchange in Trenton Description: The portion of U.S. BUS 65 from Log Mile 0.29 to Log Mile 1.52 isto be conveyed to the city of Trenton. Therefore, MoDOT will relinquish and eliminate the U.S. BUS 65 numbering and remove U.S. BUS 65 from state system in Grundy County.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Page 1: Date submitted is not provided. Page 7: Number of miles is not included in the paragraph description. Point to point is not included with the application.			
Item No. 20 - State: MissouriRoute: US 61 BUS ScottAction: Establishment of a U.S. Route Between US 61 at Kelso and 1-55 At Scott CityDescription: The establishment of the route begins at US 61 at Kelso. It travels north along current US 61 for 2.497 miles to Scott City where it terminates at 1-55.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	AffirmativeWithCondition
	Comments	Page 7: Type of facility is not included in the paragraph description. Point to point is not included with the application.			See item #22, related
Item No. 21 - State: MissouriRoute: US 67 BUS MadisonAction: Relocation of a U.S. Business Route Between US 67 and US 67Description: The current U.S. BUS 67 Route Loop will be relocated to a loop consisting of MO Route A, U.S. BUS 67, and MO Route C. This will make a small loop through the city of Cherokee Pass.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	AffirmativeWithCondition
	Comments	Point to point is not included with this application. Provide a separate application for the elimination of the existing route.			resume existing sections of bus 67 outside of proposed are eliminated.
Item No. 22 - State: MissouriRoute: US 61 ScottAction: Relocation of a U.S. Route Between US 61 at Kelso and US 61 at Scott CityDescription: The current U.S. Route 67 will be relocated west along a newly constructed section of proposed U.S. Route 61 to a new interchange onto Interstate 55. A portion of the route will be dual signed as Interstate 55 and U.S. Route 61.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	AffirmativeWithCondition
	Comments	Page 2: Provide calendar date for Date facility open to traffic. Point to point is not included with the application.			see item #20, related
Item No. 23 - State: North Carolina Route: I-274 (Future) Action: Establishment of an Interstate Route Between us 158 in Forsyth County and US 52/Future 1-74/Proposed Future 1-285 in Forsyth County Description: The proposed route is a controlled access, divided, multi-lane freeway on new location and is 16.83 miles in length. This facility will satisfy a great need to alleviate congestion in Winston-Salem, an urbanized area of approximately 244,000 people. A control of access type of facility is currently unavailable to provide movement of traffic around the western portion of the Winston-Salem urbanized area. This application is in conjunction with the application for proposed Future 1-285 located at the eastern terminus of proposed Future 1-274.	Decision	AffirmativeWithCondition	AffirmativeWithCondition	Affirmative	Affirmative
	Comments	Page 2: Provide an estimated calendar date for Date facility available to traffic. Point to point is not included with the application.	Would we approve this with condition of resubmitting when funded? Will I-74 be built prior to I-274, if not designation will be confusing?		
Item No. 24 - State: North CarolinaRoute: I-285 (Future)Action: Establishment of an Interstate Route Between 1-40/1-285 in Forsyth County nd Future I-74/Proposed Future 1-274 (Winston-Salem Northern Beltway) in Forsyth CountyDescription: Proposed Future 1-285 will be concurrent with a section of US 52 between 1-40/1-285 and Future I-74/Proposed Future 1-274 (Winston-Salem Northern Beltway) in Forsyth County. While the existing section is a controlled access, divided, multi-lane highway, a proposed project will upgrade US 52 to interstate standards and add additional capacity between 1-40/1-285 and Future I-74/Proposed Future 1-274 (Winston-Salem Northern Beltway). Winston-Salem is a major transfer point for motor freight services. Numerous freight operators are in the Winston-Salem area, with substantial truck volumes utilizing US 52 to access other major highways in and around Winston-Salem. US 52 also provides access to the Innovation Quarter of Winston-Salem. This area houses research, business and several college education facilities for a total of approximately 2 million square feet of office space in 330 acres. This application is in conjunction with the application for proposed Future 1-274 located at the northern terminus of proposed Future 1-285.	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative
	Comments	Page 2: Provide an estimated calendar date for Date facility available to traffic. Point to point is not included with the application.			
Item No. 25 - State: TexasRoute: US 79 BUS Action: Elimination of a U.S. Business Route between: State Highway 95 and US 79; and Business US 79-B and US 79. Description:	Decision	AffirmativeWithCondition	Affirmative	Affirmative	Affirmative

In the City of Taylor, Williamson County, Texas, the Texas Transportation Commission approved (1) the removal of Business US 79 from the state highway system from State Highway 95 eastward to US 79; and that jurisdiction, control and maintenance be transferred to the City; (2) the removal of the concurrent designation of Business US 79 from BU 79 southward to US 79, leaving the designation of SH 95.	Comments	Page 2: Provide calendar date when route was originally open to traffic in the field Date facility open to traffic. Page 7: Route description should be in a single space paragraph format. Point to point is not included with the application. Updated online application			
Item No. 26 - State: Texas Route: I-169 Action: Extension of an Interstate Route between: Old Alice Road and the new limits of access control approximately 0.4 mile east of FM 1847 Description: Section 1105(c) of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), as amended, has identified Farm-to-Market Road (FM) 511 from U.S. 77/Interstate 69 East (IH 69E) to the Port of Brownsville, Texas, as part of the High Priority Corridor 18 system on the National Highway System (NHS). According to Section 1105(e)(5) of ISTEA, as amended, segments of FM 511 from U.S. 77 to the Port of Brownsville may be designated as part of the I-69 system at such time it is determined that a segment meets the Interstate design standards approved under Section 109(b) of Title 23, United States Code and connects or is planned to connect to an existing Interstate system segment by July 1, 2037.	Decision	AffirmativeWithCondition	AffirmativeWithCondition	Affirmative	AffirmativeWithCondition
	Comments	Page 2: Explanation and reasoning should be concise and pertinent. Page 2: Provide calendar date for Date facility open to traffic.
